Unit: INFO5995 Assignment 1

Assessment: Assignment 1

Format: N x N contribution matrix

Team size: 5

Reviewer (SID)	Chen Zhang 550203162	Ge Gao 540072804	Wenxuan Zhao 550346171	Ricardo Zhang 540795268	Jinghang Li 520315981
Chen Zhang (550203162)	Led the overall analysis, narrowed down the final vulnerability, revised the report, and checked that the submission package stayed consistent.	Prepared the presentation slides, helped edit video materials, and checked that the presentation content matched the report.	Checked the session-token code path and confirmed that this weakness fit the assignment focus on randomness-related issues.	Helped finalise the written submission and kept the chosen issue aligned with the assignment scope.	Contributed to final review, report integration, and submission preparation.
Ge Gao (540072804)	Handled most of the final integration work, revised the report, and checked that the different submission files matched each other.	Took the lead on slide preparation and contributed to video editing for the final presentation materials.	Helped validate the chosen vulnerability and was responsible for recording the PoC video.	Discussed the threat model, checked supporting evidence, and helped interpret the session logic.	Checked supporting evidence and contributed to discussion of the attack path and risk statement.
Wenxuan Zhao (550346171)	Carried much of the final writing,	Designed much of the presentation	Contributed to the main vulnerability	Helped refine the vulnerability	Helped refine the analysis and

	structure, and cross-checking work to turn group findings into a coherent submission.	content and helped assemble the final video materials clearly.	analysis, validation, report refinement, and the planning of the PoC demonstration.	explanation and reviewed the risk wording in the report.	reviewed the final submission wording.
Ricardo Zhang (540795268)	Played an important role in finalising the written submission, aligning the materials, and keeping the chosen issue within scope.	Was mainly responsible for preparing the slides and also helped edit the supporting video content.	Supported the technical explanation of the issue and recorded the PoC demonstration video.	Contributed to the PoC and presentation materials, especially the attack-path explanation.	Helped prepare the presentation and PoC materials, including consistency checks across files.
Jinghang Li (520315981)	Contributed a lot to final review, report integration, and submission preparation, and helped keep the group output consistent.	Contributed a lot to the presentation slides and helped with video editing for the final delivery.	Contributed to the analysis and took responsibility for producing the PoC video recording.	Reviewed the final package and practised answers for the tutorial Q&A.	Contributed to final checks and tutorial Q&A practice.
